Affiliate Partnership

Content that carries your link, and a creator invested in it selling.

WHAT IT IS

Affiliate content built around your product with my tracked link on **TikTok Shop** and **Shopee Affiliate**. This works differently from my other services: the fee covers the making of the content, and the commission is what makes me care whether it actually converts. If you want a creator who is watching the sales dashboard rather than invoicing and moving on, this is that arrangement.

WHAT YOU GET

- 👉 Affiliate content made specifically for your product
- 👉 My tracked link in bio, caption and on-screen where the platform allows
- 👉 Posted to my own channels and left up for the agreed term
- 👉 Reposted during any live selling slot you book
- 👉 Monthly figures on clicks, orders and what converted

ADD-ONS THAT APPLY

Exclusivity in your category +30% · Rush +30–60% · Extended posting term quoted

On “affiliate only, no fee”. If I find your product and approach you, commission-only is fair — I chose it and the risk is mine. If you approach me, the content is paid work: you picked the product, set the price and hold the stock, and none of those are things I control.

Starting rates only. Complexity, usage and turnaround move the figure — every quote is written down before anything is agreed.
